MOBILE TERRAIN VISUALIZATION FOR PUBLIC ENGAGEMENT

Mobile AR Sandbox systems built for outreach

OCS Fabrication LLC manufactures complete augmented-reality sandbox systems for government outreach, workforce engagement, STEM events, public education and community programs. Participants shape physical terrain while projected topography responds in real time.

\$7,500 BASE SYSTEM

APPROVED STATE OF MINNESOTA VENDOR

Example of custom agency branding

CORE CAPABILITIES

- Complete Mobile AR Sandbox systems
- Custom agency logos, colors and exterior branding
- Job fairs, workforce recruitment and STEM outreach
- Terrain, watershed, flooding and erosion demonstrations
- Fully assembled delivery with optional onsite training
- Replacement parts and manufacturer service support

WHY AGENCIES CHOOSE OCS

- Hands-on experience that draws visitors into the conversation
- No internet connection required
- Standard 15-amp, 120-volt power
- Fits through a standard 32-inch doorway with monitor detached
- Moves on six-inch industrial casters
- White silica-free play sand and storage buckets included

DELIVERY AND SUPPORT

Ships throughout the contiguous 48 states by FedEx Freight. OCS delivery may be available within approximately two hours of Duluth, Minnesota. Standard lead time is three to four weeks. Shipping, installation and training are quoted separately. Six-month warranty covers manufacturing and fabrication defects.
